*Dear colleagues,*

*We hereby cordially invite you to join us at the fifth International Web Conference Horizonty umenia 6 / Horizons of Art 6 organized by FMU AU and The OZ Koncertné združenie pri FMU AU in Banská Bystrica (Slovakia) in October 2019.*

## *International Web Conference*

# **Horizonty umenia 6 / Horizons of Art 6**

The conference provides space for authors, interpreters, artists, theorists and scientists, pedagogues, and organizers who want to share their articles with other professionals.

The aim of the conference is to present the opinions and results of artistic, scientific and pedagogical work in the field of mainly musical, but also visual art, dramatic, film, and dance art.

We will publish a reviewed Proceedings of articles from the conference. Every active participant will receive the printed copy by regular mail. Due to the growing interest of the contributors every year, the volume of the proceedings has increased considerably, and since we do not want to limit the range of the articles, we decided to return to the original version of the conference materials, which means to publish in printed form only the Collection of abstracts and enclose a CD with individual contributions by the authors. We hope that this design will be more environmentally friendly and less costly to print and distribute.
